RESEARCH INTEREST

Social Stratification, Political Sociology, Computational Social Science, Value Change & Decision Making

EDUCATION

London School of Economics and Political Science

London (2025-2026)

Dual Degree program with Columbia University; MSc, Culture and Conflict in Global Europe

Columbia University, Graduate School of Art and Science

New York City (2024-2025)

Dual Degree program with LSE; MA, European History, Politics and Society; GPA: 3.895; Merit-based Scholarship

Coursework: Visual History, Political Theory, Economic Sociology

University of Macau, Faculty of Social Science

Macau SAR. (2020-2024)

BSS, Sociology; GPA: 3.8; Henry Fok Foundation Scholarship; Dean's list (All Year)

Coursework: Political Sociology, Social Theory, Criminology, Statistics (Attended)

PUBLICATIONS & WORKING PAPERS

Under Review

Su, J. Communist Party Political Status and Outgroup Tolerance in China. *Method: Multi-level regression, PSM Matching.*

Working Papers

Su, J. Russo-Ukrainian War on News Avoidance in 38 European Countries. *Method: Pre-post analysis.*

Su, J. Intergenerational Educational Mobility, Risk Attitudes, and Cross-status Encounters in China.
Method: Three-way interaction.

Su, J. Mediated Governance: Generative Mechanisms of Emotional Labor of Local Government and Cooperative Behavior of Fishermen. *Method: Field Work, Nvivo.*

News Article

Moral reconstruction and politicization in the Olympic Games. Singapore: Zaobao, 2021-08-17. (CN) <https://www.zaobao.com/forum/views/story20210827-1186880>

RESEARCH EXPERIENCE

Data Analyst (Incoming), United Nations Development Programme

(Jan 2026)

- The "Climate Change Misinformation Intervention" project, work with Dr. André Corrêa d'Almeida
- Will conduct data collections and apply Python/R for pattern recognition to assess intervention strategies

Research Fellow (Incoming), City University of Macau

(Jan 2026)

- Project: Smarter China: How Regions Innovate (Supervised by Prof. Jose Alves)
- Will conduct case study research using desk analysis and participatory methods (interviews/workshops)
- Coordinate the launch of the research network, collaborate to select and recruit scholars

Research Assistant for Prof. Kristin Surak, Department of Sociology, LSE

(Aug 2025 - Present)

- Collect data on border control information to complete a dataset of several years
- Experimenting using a Python pipeline handling images, OCR, NLP, regex, and data saving

Research Assistant (quant.) for Prof. Adaner Usmani, Department of Sociology, Harvard University

(Jun-Oct 2025)

- Assisting with quantitative data collection and cleaning for a large-scale study on the history of punishment
- Reproducing statistical results from published research papers using R, Stata and archival datasets

Research Assistant (quant.) for Prof. Huiquan Zhang, Sociology Department, University of Macau

(2022-2024)

- Cleaning and recoding large datasets using R
- Collecting list of congress participants, labeling scrapped online content with political tendency
- L^AT_EX and R markdown used for Reporting

Research Assistant (qual.) for Prof. Lorreta Lou, Sociology Department, University of Macau

(Mar-Jul 2022)

- Collected Articles and making list of Environmental NGOs for Environmental Anthropological research

- Checked the different usage of terminologies about Environmentalism
- Organized information about historical sites for folk custom studies

Sociology Theories & Methods Summer Camp, Nanjing University (Jun-Jul 2023)

- Awarded a full merit-based tuition waiver based on academic standing and research potential.
- Analyzed theoretical frameworks guanxi networks and organizational sociology for research on value changes
- Engaged with computational social science (CSS) studies on social stratification and mobility

Summer School: The Analysis Methods of Social Survey Data, Peking University (Jul 2022)

- Causal inference, multi-level analysis, complex survey sampling and regression analysis
- Completed 21-page project about relationship Elders's Well-being, activities and support from children using the Structural Equation Modeling (SEM) method, using Stata, data from CHARLS

AWARDS & RESEARCH GRANTS

Merit-based Scholarship, Columbia University (2024)

Full Merit-based Tuition Waiver for Summer Camp, Department of Sociology, Nanjing University (2023)

Henry Fok Foundation Scholarship (1 in every 200 students), University of Macau (2022)

Summer Research Grant (Research Assistant), University of Macau (2022)

Exchange Scholarship awarded to support coursework at University of Turku, University of Macau (2022)

Dean's Honour List, Faculty of Social Science, University of Macau (2021, 2022, 2023, 2024)

Most Active PR Student Ambassador, Communication Office, University of Macau (2021)

CONFERENCE PRESENTATION

Chinese Sociology Association (CSA) Annual Meeting (Jul 2025)

Paper: "Communist Party Political Status and Outgroup Tolerance in China"

- Primary author for research and writing
- findings presented by co-author Jinjin Liu

Oral presentation at the International Chinese Sociology Association (ICSA) Annual Conference. (Aug 2024)

Paper: "Communist Party Political Status and Outgroup Tolerance in China"

- Conducting independent research on CCP members' attitudes to foreigners, using multi-level regression
- Preparing data visualizations, graphs, and slides to effectively communicate findings
- Oral presentation to academic audiences, engaged in Q&A sessions

SKILLS

Quantitative: R (Advanced, 2021-Now), Python (Text Analysis, Web Scraping, Image Processing, qmd), L^AT_EX, Stata

Qualitative: Nvivo (2025)

Visualization Tableau (2021, Certificated Course)

Language: Mandarin (Native), English (Advanced), Spanish (Reading Proficiency), Japanese (≈ N4 Level)

RELEVANT PROFESSIONAL EXPERIENCE

Editorial Intern, The Commercial Press (1st Modern Publishing Organization in China), Beijing (Jul-Aug 2022)

- Proofread and fact-checked manuscripts in the social sciences for academic publication
- Drafted and edited content for the press's social media accounts, promoting academic book releases

Trainee, Shan Shui Conservation Center (National-Level "5A" Environmental NGO), Beijing (Jul-Aug 2021)

- Assisted with recruitment operations, including personnel vetting, contract preparation, and background checks
- Coordinated candidate communications and participated in interviews for new staff and volunteers
- Supporting botanical observation and data recording in fieldwork

Trainee, General Office, Faculty of Social Science, University of Macau (May 2021-Jan 2024)

- Handled and processed student application files, delivering certificates and reimbursements to departments
- Prepare meetings, create and share visual plans and designs
- Worked as counter receptionist, answering questions for students
